

An Australian listener pointed out to me today that the fantastic \$59 DNA sale on Ancestry that runs through April 29th 2018 only applies to the US. That's not fair! In fact, AncestryDNA didn't even provide an Anzac Day sale. That's like AncestryDNA ignoring Memorial Day or Veterans' Day here in the US. I say we start a Twitter campaign to change this for Australians, my #1 non-USA listenership! And I want to know how others outside the USA are being given, or not being given, AncestryDNA sale prices. Let's pick a Twitter hashtag and get to work, friends. Meet me on Twitter!
